Decision Quality: Value Creation from Better Business Decisions By Carl Spetzler, Hannah Winter, Jennifer Meyer

Add value with every decision using a simple yet powerful framework

Few things are as valuable in business, and in life, as the ability to make good decisions. Can you imagine how much more rewarding your life and your business would be if every decision you made were the best it could be? *Decision Quality* empowers you to make the best possible choice and get more of what you truly want from every decision.

Dr. Carl Spetzler is a leader in the field of decision science and has worked with organizations across industries to improve their decision-making capabilities. He and his co-authors, all experienced consultants and educators in this field, show you how to frame a problem or opportunity, create a set of attractive alternatives, identify relevant uncertain information, clarify the values that are important in the decision, apply tools of analysis, and develop buy-in among stakeholders. Their straightforward approach is elegantly simple, yet practical and powerful. It can be applied to all types of decisions.

Our business and our personal lives are marked by a stream of decisions. Some are small. Some are large. Some are life-altering or strategic. How well we make those decisions truly matters. This book gives you a framework and thinking tools that will help you to improve the odds of getting more of what you value from every choice. You will learn:

- The six requirements for decision quality, and how to apply them
- The difference between a good decision and a good outcome
- Why a decision can only be as good as the best of the available alternatives
- Methods for making both "significant" and strategic decisions
- The mental traps that undermine decision quality and how to avoid them
- How to deal with uncertainty—a factor in every important choice
- How to judge the quality of a decision at the time you're making it
- How organizations have benefited from building quality into their decisions.

Many people are satisfied with 'good enough' when making important decisions. This book provides a method that will take you and your co-workers beyond

'good enough' to true *Decision Quality*.

Editorial Review

From the Inside Flap

Few things are as valuable in business, and in life, as the ability to make good decisions. *Decision Quality* is here to help you make decisions that maximize value creation and manage risk— every time.

The book comes from the dynamic team of award- winning educator Carl Spetzler and his colleagues, Hannah Winter and Jennifer Meyer. This trio has helped shape the decision quality profession over the years—in the field and in the classroom. They've also worked with leaders around the world, across industries, to elevate the quality of their decisions. That same expertise is now available to you.

The framework at the heart of this book comes from the authors' decades-deep foundation in decision theory, behavioral decision sciences, and real-world practice. You'll get a reliable methodology that can be applied to all types of decisions—from business to personal, for big bets or smaller choices—regardless of your level, specialty, and industry. Every chapter unfolds with focused lessons, insights, and examples to help you navigate complex decisions.

Decision Quality enables you to:

- Avoid the most common traps that undermine decision making
- Judge the quality of your decisions more accurately, as you're making them
- Navigate today's uncertainties with confidence
- Execute on your decisions with greater buy-in and success

Join the growing group of leaders who are making decisions that create greater value—every time.

From the Back Cover

Praise for DECISION QUALITY

"No one has coached more businesses through high-stakes strategic decisions than Carl Spetzler and the team at SDG. If you're looking for wisdom on making better decisions in your business, you've come to the right place."

—**CHIP & DAN HEATH, Bestselling CoAuthors including *Decisive: How to Make Better Choices in Life and Work***

"An excellent guide for consultants, technical experts, and program managers to achieve the most impact from their work."

—**THOMAS OLAVSON, PhD, Google Inc.**

"From beginning to end, this book underscores the business benefits that accrue from investing in decision quality processes. The authors offer actionable steps that leaders can take to check biases rooted in deeply held beliefs, and steer their organizations toward better value creation."

—**PHILIP E. TETLOCK, PhD, Bestselling Author including *Superforecasting: The Art and Science of Prediction***

"A clear 'must read' for everyone in a leadership position."

—**GERARD KLEISTERLEE, Chairman, Vodafone Group Plc**

"Implementing the decision quality processes described in this book should become the 'new normal' for all organizations and their leaders."

—**CHINA GORMAN, Former CEO, Great Place to Work Institute**

"The authors deliver an approach and philosophy that can provide an immediate and positive impact on personal and business decisions. Books that achieve this in such a readable format are rare indeed—acquiring a copy could be the first in a series of quality decisions!"

—**ANDREW EVANS, MBA, Unilever; Fellow, Society of Decision Professionals**

"A very savvy, sorely needed systematic approach to making uncertainty an integral dimension of the questions we ask and the answers we seek. Their strategy shows you how to judge the quality of your decisions without knowing or relying on outcomes that may or may not be a reflection of the actual decision process."

—**ROBERT A. BURTON, MD, Bestselling Author including *On Being Certain: Believing You Are Right Even When You're Not***

About the Author

Users Review

From reader reviews:

Annette Dixon:

Reading a e-book tends to be new life style in this particular era globalization. With examining you can get a lot of information that will give you benefit in your life. Together with book everyone in this world can certainly share their idea. Books can also inspire a lot of people. A great deal of author can inspire all their reader with their story or even their experience. Not only the storyline that share in the textbooks. But also they write about the information about something that you need example of this. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that you can get now. The authors nowadays always try to improve their expertise in writing, they also doing some research before they write with their book. One of them is this Decision Quality: Value Creation from Better Business Decisions.

Francisco Garcia:

The e-book with title Decision Quality: Value Creation from Better Business Decisions contains a lot of information that you can study it. You can get a lot of advantage after read this book. This kind of book exist new information the information that exist in this reserve represented the condition of the world currently. That is important to you to be aware of how the improvement of the world. That book will bring you in new era of the the positive effect. You can read the e-book in your smart phone, so you can read it anywhere you want.

James Butler:

You can spend your free time to study this book this publication. This Decision Quality: Value Creation from Better Business Decisions is simple to deliver you can read it in the area, in the beach, train along with soon. If you did not include much space to bring typically the printed book, you can buy the actual e-book. It is make you much easier to read it. You can save often the book in your smart phone. So there are a lot of benefits that you will get when you buy this book.

Diane Welton:

As a college student exactly feel bored to reading. If their teacher inquired them to go to the library or make summary for some publication, they are complained. Just very little students that has reading's heart or real their passion. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that looking at is not important, boring in addition to can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Decision Quality: Value Creation from Better Business Decisions can make you really feel more interested to read.
