Dragon NaturallySpeaking For Dummies By Stephanie Diamond

Master the latest version of Nuance's Dragon NaturallySpeaking

This new edition of *Dragon NaturallySpeaking For Dummies* has been updated to cover all the newest updates to Dragon NaturallySpeaking Version 13, giving readers plain-English access to the technology that ignites new levels of productivity. It enables people to interact with and command their laptop or PC, cruise through email, update Facebook, surf the web, and create reports just by speaking! Inside, you'll find everything you need to get started with this advanced voice recognition software right away.

Touted as being three times faster than typing, Dragon NaturallySpeaking software boasts 99% speech accuracy out of the box. Plus, although it is primarily used as voice recognition software, programmers and developers have begun using it as a programming language for app development because the voice recognition makes use of custom tools that can be used to automate programming tasks. It's making waves in the tech world—and you can get in on the action with this hands-on, friendly guide.

- Includes the most up-to-date information on the latest version of the software
- Shows you how to launch your Dragon software
- Includes time-and-sanity-saving tips to make your experience with Dragon NaturallySpeaking headache-free
- Outlines common mistakes to avoid and unprecedented Dragon tricks

If you're a new or inexperienced user who wants to get up to date quickly on all that Dragon NaturallySpeaking can do, this approachable, step-by-step guide has you covered.
