Editorial Review

Amazon.com Review

This is more than an exceptional strategy guide. Everything in it, from hints and solutions to the reasoning behind the strategy, is impeccably presented. DeMaria invokes the spirit of the game with his descriptions, keeping both the eeriness and the fun. Two big extras, though, make this book especially enjoyable for 7th Guest fans. There's a copy of the game's entire original script (so that's how the story goes when everything happens in order) and an interview with masterminds Graham Devine and Rob Landeros, who take you behind the scenes.
