### **Why I Am Not a Christian: Four Conclusive Reasons to Reject the Faith** By Richard Carrier

Dr. Richard Carrier, world renowned philosopher and historian, explains the four reasons he does not accept the Christian religion, describing four facts of the world that, had they been different, he would believe. He is brief, clear, and down to earth, covering the whole topic in under ninety pages of easy-to-read explanation. Those four reasons are God's silence, God's inaction, the lack of evidence, and the way the universe looks exactly like a godless universe would, and not at all like a Christian universe would, even down to its very structure. Dr. Carrier addresses all the usual replies to these claims, in ways you might not have heard before, relying on his wide experience in debating and studying these issues all over the world for more than fifteen years. A perfect book to introduce yourself, or your friends, to why fewer educated people are embracing Christianity than ever before. Ideal for handing out to door-to-door missionaries.
