2010 Health Devices Sourcebook By ECRI Institute

ECRI Institute's 2010 *Health Devices Sourcebook*, now in its 32st year of publication, the original medical device and manufacturer database, includes complete contact information for over 6,800 U.S. and Canadian manufacturers, distributors, and service companies. The data, verified by ECRI Institute's staff of medical device experts, is indexed by product categories, product listings, trade names, manufacturers product lines, equipment services, service company profiles, and a master company list. Executive contacts are also included. *Sourcebook* uses terms and codes from ECRI Institute's Universal Medical Device Nomenclature System (UMDNS). UMDNS is the industry standard vocabulary and coding system with thousands of users worldwide, including hospitals, regulatory agencies, manufacturers, and e-commerce Web sites. UMDNS covers all medical devices and supplies, capital equipment, laboratory reagents and instrumentation, and selected hospital equipment and furniture.

Editorial Review

About the Author

ECRI Institute, a nonprofit organization, dedicates itself to bringing the discipline of applied scientific research to healthcare to discover which medical procedures, devices, drugs, and processes are best to enable improved patient care. As pioneers in this science for 40 years, ECRI Institute marries experience and independence with the objectivity of evidence-based research. ECRI Institute is designated a Collaborating Center of the World Health Organization and an Evidence-based Practice Center by the U.S. Agency for Healthcare Research and Quality.

Users Review

From reader reviews:

Hattie Leclair:

Here thing why this particular 2010 Health Devices Sourcebook are different and reliable to be yours. First of all examining a book is good nevertheless it depends in the content than it which is the content is as tasty as food or not. 2010 Health Devices Sourcebook giving you information deeper as different ways, you can find any e-book out there but there is no publication that similar with 2010 Health Devices Sourcebook. It gives you thrill reading through journey, its open up your personal eyes about the thing this happened in the world which is perhaps can be happened around you. You can bring everywhere like in playground, café, or even in your means home by train. Should you be having difficulties in bringing the published book maybe the form of 2010 Health Devices Sourcebook in e-book can be your alternate.

Terrance Pitt:

Nowadays reading books are more than want or need but also be a life style. This reading behavior give you lot of advantages. Associate programs you got of course the knowledge your information inside the book that will improve your knowledge and information. The details you get based on what kind of book you read, if you want get more knowledge just go with schooling books but if you want sense happy read one using theme for entertaining including comic or novel. The particular 2010 Health Devices Sourcebook is kind of guide which is giving the reader capricious experience.

Patricia Humes:

The reason? Because this 2010 Health Devices Sourcebook is an unordinary book that the inside of the book waiting for you to snap this but latter it will zap you with the secret that inside. Reading this book next to it was fantastic author who also write the book in such amazing way makes the content on the inside easier to understand, entertaining means but still convey the meaning fully. So , it is good for you for not hesitating having this any longer or you going to regret it. This amazing book will give you a lot of rewards than the other book get such as help improving your expertise and your critical thinking approach. So , still want to delay having that book? If I had been you I will go to the publication store hurriedly.

Danica Johnson:

Many people spending their moment by playing outside using friends, fun activity having family or just watching TV all day long. You can have new activity to spend your whole day by examining a book. Ugh, ya think reading a book can definitely hard because you have to use the book everywhere? It okay you can have the e-book, having everywhere you want in your Touch screen phone. Like 2010 Health Devices Sourcebook which is having the e-book version. So , try out this book? Let's observe.
