Editorial Review

From Kirkus Reviews

“This is a page-turning, apocalyptic thriller that manages to imbue some nice original twists... Conceptually, Extinction Point is fantastic... A recommended, fun, summer blockbuster-type of read.”

Review

"Paul Jones has started a refreshingly unique Post-Apocalyptic series, unlike anything I have read in the genre... Paul Jones' ability to bring complex concepts to life through description and narrative is awe inspiring. Few authors could successfully create the world that emerges after the 'red rain.' Even fewer could relate the experience to readers in such vivid detail." – Steven Konkoly, Author of *The Jakarta Pandemic* and *Black Flagged & Black Flagged Redux*

"Think "Day of the Triffids" meets "Invasion of the Body Snatchers" meets "I am Legend" and you still won't have grasped the full scope of the apocalypse in Paul Jones' artfully crafted tale of extinction and survival." – David P. Forsyth, Author of the Voyage of the Dead series

"Holy red smoke! This book scared me. I like scary books but this book SCARED me... The strength of this story is the details and the believability. The author makes the reader truly believe the events in the book. I loved how every move Emily made was described and how the reader could go "NOOOO" when you watched Emily go somewhere where you knew trouble was waiting!" – Four out of Five Skulls, BadassBookReviews.com
