### Personality Selling : Using NLP and the Enneagram to Understand People and How They Are Influenced By Albert J. Valentino

Personality Selling is a unique and long overdue concept for understanding the art of influence. It is the first book to combine the most powerful psychological models in use today - Neuro-Linguistic-Programming (NLP), Ericksonian Hypnosis, and the Enneagram personality typing system - with traditional selling techniques to show you how to apply the golden rule of selling: "Sell unto others the way they want to be sold to."

Personality Selling acts as a map that allows the reader to get inside the head of others and recognize the seemingly random and often mysterious aspects of the many personalities we meet. Personality Selling describes such things as; NLP personality traits, the nine personality types of human nature, how the mind makes associations, the structure of rapport, the power of language, and the impact of physiology. It also examines the basics of selling using a powerful psychological approach to gathering information, tailoring presentations, handling objections, and recognizing the various ways people make decisions. It also includes a comprehensive section on the psychology and tactics of negotiation. Through extensive use of experiential language and examples, the reader can actually experience the impact different approaches can have on others so they can fine tune their selling style to achieve success.

#### From the Back Cover

Can you sell everyone you meet?

"Sell unto others the way they want to be sold to" - it's the golden rule of selling. Sounds great! But how do you actually do it? Given the wide variety of personality types, do you find you are successful with some but not with all? Do you know all the ways people make decisions? Can you interpret the essential clues revealed by someone's language patterns, tone, tempo and physiology? Can you adjust these variables within yourself to attain rapport and influence those around you? Do you know that creating a win-win negotiation is just as much psychological as it is tactical? If you don't know the answer to any of these questions, isn't it time you did?

For the first time ever, the most powerful psychological models known - Neuro-Linguistic-Programming (NLP), Ericksonian Hypnosis and the Enneagram Personality Typing System - have been combined with traditional selling techniques to show you how to master the art of influence.

You will discover how to:

- \* Identify and sell to each of the nine personality types
- \* Deconstruct personalities to understand people from the inside out
- \* Identify critical, often overlooked NLP personality traits
- \* Adjust your physiology to influence others and yourself
- \* Use NLP to attain rapport with anyone
- \* Master the power of Ericksonian Hypnosis language patterns
- \* Structure powerful win-win negotiations
- \* Use the simplest and most powerful success formula in existence
- \* Easily implement the golden rule of selling
- \* And much, much more

"NLP could be the most important synthesis of knowledge about human communication to emerge." - Science Digest

"What sets the Enneagram apart is that it contains such detailed, useful information about what drives us to

behave as we do." - Tony Schwartz

Selling is more than a profession - it's a skill. And the more personality types you can understand and work with, the more influential you will be.
