How do you say goodbye to your children? A mother battles cancer in a heart-wrenching sequel to Poppy Day

How do you say goodbye to your family for the last time? Poppy Day is looking forward to her best year yet. She's 32, married to her childhood sweetheart, and a full-time mother of two gorgeous children. She loves her clean little house in the countryside—a far cry from the London estate where she grew up. Her husband Mart, a soldier, has just returned safe and sound from his latest tour. But Poppy is so busy caring for others, she hasn't noticed the fatigue in her body, or the menacing lump growing on her breast. If there's anyone strong and deserving enough to defeat cancer it's Poppy. After all, she's fought harder battles than this. But does life really work like that?
