### Body Heat By Devyn Morgan

NOW AVAILABLE ON AUDIO AND IN PAPERBACK! With ingenuity and luck, a wilderness mishap turns into a romantic adventure where love has room to bloom! A short novel.

Though he lives as an openly gay man in DC, Nick decides to revert to his closeted alter ego when he returns home to Colorado. Someday he'd come out to his family – in six months, maybe. Or six years. Now he steels himself to survive a back-country camping and hunting trip with his brother and friends. But Nick forgets he isn't out East anymore when he kisses his hot skiing instructor just as his brother arrives! If the awkward silence on the drive up is bad, the constant stream of gay jokes by his brother's friends is even worse.

Clay likes his skiing student a lot – enough to exchange phone numbers despite his sulking brother and the pile of hunting gear in the back of their truck. Nick is smart and funny and incredibly cute. Clay texts to invite him to dinner, only to find Nick is still out on the mountain and at the mercy of the elements. When a winter storm threatens, Clay resolves to rescue Nick personally. He thinks Nick is “the one” – but only if their new relationship survives the close quarters of a cozy snow cave.

BODY HEAT is a contemporary gay romance with a happy ending.

### Editorial Review

### Users Review

#### From reader reviews:

#### Erica Logan:

Hey guys, do you want to find a new book to read? Maybe the book with the concept Body Heat suitable to you? The book was written by renowned writer in this era. The book titled Body Heat is a single of several books that everyone reads now. That book was inspired many people in the world. When you read this guide you will enter the new dimension that you never know prior to. The author explained their plan in the simple way, and so all of people can easily be aware of the core of this publication. This book will give you a lot of information about this world now. To help you to see the representation of the world in this particular book.

#### Lea Wheeler:

Reading a book tends to be new life style with this era globalization. With looking at you can get a lot of information that will give you benefit in your life. With books everyone in this world can easily share their idea. Textbooks can also inspire a lot of people. Many authors can inspire their very own reader with their story or perhaps their experience. Not only the story that share in the publications. But also they write about the information about something that you need example. How to get the good score toefl, or how to teach your children, there are many kinds of books which exist now. The authors on this planet always try to improve their expertise in writing, they also do some study before they write to their book. One of them is this Body Heat.

#### Debra Riggs:

This Body Heat is a great book for you because the content which is full of information for you who else always deal with the world and possess to make decisions every minute. This book reveals it details accurately using great organized words or we can state no rambling sentences in it. So if you are read that hurriedly you can have whole information in it. Doesn't mean it only offers you straight forward sentences but difficult core information with beautiful delivering sentences. Having Body Heat in your hand like finding the world in your arm, data in it is not ridiculous a single. We can say that no e-book that offer you world throughout ten or fifteen small rights but this e-book already do that. So, this can be a good reading book. Hi Mr. and Mrs. occupied do you still doubt that?

#### Lavada Rowlett:

Is it you who having spare time and then spend it whole day by means of watching television programs or just telling lies on the bed? Do you need something new? This Body Heat can be the response, oh how

comes? A book you know. You are and so out of date, spending your time by reading in this brand-new era is common not a nerd activity. So what these textbooks have than the others?
