Editorial Review

Review

Praise for the First Edition

"The extensive collection of color photographs is the highlight of this book... a clearly written and well-illustrated single-volume textbook... ideal for hospitalists, dermatologists, infectious-disease specialists, pediatricians, internists, and family practitioners"

?New England Journal of Medicine

"It was a pleasure to review this profusely illustrated, state-of-the-art virology textbook that was written and edited by an impressive field of experts. This book, which covers the range of dermatological and mucosal manifestations of viral diseases, will appeal to a wide audience of readers including dermatologists, paediatricians, pathologists, and general medicine physicians... The clinical information and the high quality photographs will make this textbook an enduring addition to any personal or institutional medical library"

?Journal of the American Academy Dermatology

About the Author

Professor Tyring is the Medical Director of the UTMB Center for Clinical Studies in Houston, TX and is a highly experienced dermatologist, being a reviewer for the Journal of the American Academy of Dermatology and a member of the American Academy of Dermatology Committee on Sexually Transmitted Diseases.
