## Student Solutions Manual for Ebbing/Gammon's General Chemistry, 10th

By Darrell Ebbing, Steven D. Gammon

**Note:** This is a Student Solution Manual and not the Textbook

The Student Solutions Manual provides worked-out solutions to all in-chapter exercises, as well as detailed, step-by-step solutions to odd-numbered practice problems, general problems, and cumulative-skills problems, plus answers to all self-assessment and review questions. Because the Concept Explorations and Strategy Problems are intended to challenge students to think step by step and not rush for a numerical answer (or a matched pair to model an algorithmic answer on), the solutions for these are not provided in the text or Student Solutions Manual. The Student Solutions Manual has been thoroughly accuracy checked for the tenth edition.
