About the Author

Hi. I'm Michael, and I want to help you find your enlightenment.

I'm a partner in clean energy startup SunMoon Energy, a partner in Lovelution: The Evolution of Love on the Dance Floor, and author of Ayahuasca: An Executive's Enlightenment.

I want to help you recognize the infinite potential inside of you. The reality is that you don't live in the universe. You are the universe. Everything you see around you is your creation. And, you are free to create the type of world that you want to live in.

I see everything as interconnected--the universe and the multi verse as one giant web of synchronicity. There is no separation. All is one. The microcosm is the macrocosm.

I'm an explorer. I love to travel the world, wander through consciousness, and investigate new ideas.

I'm a mover and athlete. I believe movement is essential to health and happiness. Plus, it's so much fun! I love dance, handstands, strength training, gymnastics, squash, snowboarding, hiking, and many other sports.

I'm a meditator. Each morning, I go inward to connect with peace, joy, gratitude, love, stillness, and infinity. This practice has radically improved my relationship with life.

I'm an avid Burning Man participant. It's the most magical and transformative experience I've found on Earth. My experiences there have largely influenced the magical experiences we're co-creating with Lovelution.

I'm passionate about health. Everything I've mentioned combined with sound nutrition help me be the best version of myself. The healthiest version of me--physically, mentally, and spiritually--is the one that's best equipped to help others.

I'm committed to fostering human connection and improving our world, and I hope to inspire you to recognize that your reason for existence is to pursue the things that excite you the most. The best thing you can do--for yourself and everyone else--is to act on the things you're most passionate about. When you do, you'll shine, and your brilliance will inspire everyone around you.
