Editorial Review

About the Author

"Mark Warner is a professionally licensed mechanical engineer, a member of the Society of Automotive Engineers, and a life-long automobile expert and builder. He has written five best selling books on automotive technology, hundreds of magazine articles, dozens of peer reviewed technical papers, and holds ten engineering patents. He lives in Tucson, Arizona. When he's not writing, he can usually be found wrenching on a project car in his shop."

Users Review

From reader reviews:

Deborah Ellefson:

Throughout other case, little men and women like to read book Street TurbochargingHP1488: Design, Fabrication, Installation, and Tuning of High-Performance Street Turbocharger Systems. You can choose the best book if you want reading a book. Providing we know about how is important the book Street TurbochargingHP1488: Design, Fabrication, Installation, and Tuning of High-Performance Street Turbocharger Systems. You can add information and of course you can around the world by way of a book. Absolutely right, simply because from book you can realize everything! From your country until foreign or abroad you may be known. About simple point until wonderful thing you may know that. In this era, we are able to open a book or maybe searching by internet unit.
