### The Miracle of Castel di Sangro: A Tale of Passion and Folly in the Heart of Italy By Joe McGinniss

Master storyteller Joe McGinniss travels to Italy to cover the unlikely success of a ragtag minor league soccer team--and delivers a brilliant and utterly unforgettable story of life in an off-the-beaten-track Italian village.

When Joe McGinniss sets out for the remote Italian village of Castel di Sangro one summer, he merely intends to spend a season with the village's soccer team, which only weeks before had, miraculously, reached the second-highest-ranking professional league in the land. But soon he finds himself embroiled with an absurd yet irresistible cast of characters, including the team's owner, described by the *New York Times* as "straight out of a Mario Puzo novel," and coach Osvaldo Jaconi, whose only English word is the one he uses to describe himself: "bulldozer."

As the riotous, edge-of-your-seat season unfolds, McGinniss develops a deepening bond with the team, their village and its people, and their country. Traveling with the miracle team, from the isolated mountain region where Castel di Sangro is located to gritty towns as well as grand cities, McGinniss introduces us to an Italy that no tourist guidebook has ever described, and comes away with a "sad, funny, desolating, and inspiring story--everything, in fact, a story should be" (*Los Angeles Times*).

### Editorial Review

Amazon.com Review

We already knew Joe McGinniss could chill our blood (*Fatal Vision*) and arouse both our pity and distaste for the Kennedys (*The Last Brother*), but who knew he could be so funny? (Well, maybe readers who remember *The Selling of the President* back in 1968.) Even those who have no interest in soccer--the majority of Americans, he ruefully admits--will relish the author's vivid account of a team from Castel di Sangro, a tiny town in Italy's poorest region, that against all expectations made it to the national competition. Whether he's chronicling his ordeal at possibly the least-inviting hotel in Italy (the heat doesn't come on until October, no matter the temperature; he is assigned to a room up four flights of stairs though there are no other guests), or sketching a colorful cast of characters that includes the team's sinister owner and an utterly unflappable translator, McGinniss prompts roars of laughter as he reveals an Italy tourists never see. He also saddens readers with a shocking final scene in which he confronts the nation's casual corruption, which taints men he's come to respect and even love. Although not a conventional memoir, this stirring book reveals as much about the author's passionate character as about the nation and the players who win his heart, then break it. --Wendy Smith

From Library Journal

McGinniss's obsession with soccer was born during the 1994 World Cup competition hosted by the United States. When travels acquainted him with several Italian fans even more addicted to il calcio (the "game" or the "kick") than he was, a fascination with this behavior motivated him to follow the team from Castel di Sangro, a tiny city in the Abruzzio region, through the season. This is a quirky, wonderful tale that is undoubtedly better in this excellent reading by Dick Hill, who brings characters and Italian phrasing to life, than in the print version. The first miracle was that Castel di Sangro made it to S'erie B through a sudden death shootout ending a playoff game. The second miracle? Can they stay in S'erie B, or will they be relegated back to C1? Surprisingly enough it matters: to the players, their fans, the author, and finally to the listener. This is real-life tragicomedy/adult soap opera. A funny and moving. For an understanding of il calcio, its followers, Italian professional leagues, and life in rural Italy, this is it. Very adult phrasing in two languages. A must for serious sports collections, a delight for any sports devotee. Highly recommended. A Cliff Glaviano, Bowling Green State Univ. Libs., OH

From [Booklist](#)

Castel di Sangro is a tiny town in the Abruzzi region of Italy, definitely not listed in the travel guidebooks. It is also the home of an obscure soccer team that miraculously managed to move up in the league in a nation wild about what the world outside the culturally chauvinistic U.S. calls football. Their triumphs were just inconceivable. The miracle of Castel di Sangro captured the imagination of McGinniss at a time in his life (mid-50s) when he was admittedly "psychically ripe" for the obsession. He traveled to the town and lived with the team for a year, watching their journey upward through a structure as complex and rigid as that of the Mafia or the Vatican. And McGinniss captures the fanaticism of soccer fans and the idiosyncrasies of the team members, such as the publicity-hungry manager Gabriele Gravina, married to the niece of the team's owner, the mysterious Godfather-like Signor Rezza. McGinniss travels with the team throughout Italy, describing the different cultures as well as the technicalities of the sport. The *scrittore americano* attracted as much publicity as the team by a press amazed that an American loved and understood the sport. As the team approached the final game that could move it to the top level, *il sistema* required that they lose. Why? It could have been debts owed, favors owed, whatever. The players cautioned McGinniss against publicizing

the fact that they had thrown the game. But after investing a year of his life, McGinniss is disappointed in this ultimate proof that he can never understand the culture, no matter how much he loved the game. One doesn't have to be a soccer fan to enjoy this fascinating book. *Vanessa Bush*

## **Users Review**

### **From reader reviews:**

#### **Judith Tate:**

Throughout other case, little persons like to read book *The Miracle of Castel di Sangro: A Tale of Passion and Folly in the Heart of Italy*. You can choose the best book if you want reading a book. Your knowledge can inspire average, make them reading a book.

#### **George Gentry:**

As a university student exactly feel bored to be able to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's spirit or real their pastime. They just do what the instructor want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that reading is not important, boring and also can't see colorful images on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this *The Miracle of Castel di Sangro: A Tale of Passion and Folly in the Heart of Italy* can make you experience more interested to read.

#### **Jack Morgan:**

What is your hobby? Have you heard that question when you got scholars? We believe that that concern was

given by teacher with their students. Many kinds of hobby, Every individual has different hobby. So you know that little person including reading or as looking at become their hobby. You should know that reading is very important and also book as to be the matter. Book is important thing to increase you knowledge, except your personal teacher or lecturer. You discover good news or update regarding something by book. Different categories of books that can you go onto be your object. One of them are these claims The Miracle of Castel di Sangro: A Tale of Passion and Folly in the Heart of Italy.
