Editorial Review

About the Author

After retiring from the Air Force, David spends his extra time working in the local community of southern Indiana, primarily the Big Brothers Sisters organization, YMCA, Church, and local schools. While working with so many youth it quickly became apparent that there was a lack of young adult reading material that didn't use needless sex and lasciviousness to share a story. Nearly all David's writings carry overtones from the Bible, with a twist of Sci-Fi Fantasy. While there is some mild violence (i.e) sword fights, combat, and confrontation, he has ensured the entire Virtual Adventures book line is friendlier than Disney's Pirates of the Caribbean. Having been a part of the Virtual Reality movement before Facebook purchased the Oculus Rift for two billion dollars; most of his writings explore the ability of an alternate intelligence becoming self-aware. "The kids seem to love it, and I use clean words," says David at a school interview. "I feel like I have a new mission to pursue."
