Critical Thinking: The Art of Argument By George W. Rainbolt, Sandra L. Dwyer

With a complete, approachable presentation, CRITICAL THINKING: THE ART OF ARGUMENT, 2nd Edition, is an accessible yet rigorous introduction to critical thinking. The text emphasizes immediate application of critical-thinking skills to everyday life. The relevance of these skills is shown throughout by highlighting the advantages of basing decisions on a thoughtful understanding of arguments and presenting the overarching commonalities across arguments. With its conversational writing style and carefully selected examples, the book employs a consistent and unified treatment of logical form and an innovative semiformal method of standardizing arguments that illustrates the concept of logical form while maintaining a visible connection to ordinary speech. Without sacrificing accuracy or detail, the authors have clearly presented the material with appropriate study tools and exercises that emphasize application rather than memorization.

Editorial Review

Review

"For those looking for a critical thinking -- or natural language logic -- textbook, it would be hard to find a superior product than Rainbolt/Dwyer's "The Art of Argument". It covers all the material a course like this would cover, and does so clearly, accurately, and logically. Further, the resources available on Aplia, which monitors student performance and automatically generates extra help for students based on their weaknesses, are tremendously helpful."

"The book is cutting edge in its integration of an online software package where students may complete all assignments for immediate assessment."

"It is a well-rounded text which does an excellent job of avoiding the sacrifice of either accuracy or comprehensiveness while maintaining accessibility for beginners."

About the Author

Dr. George W. Rainbolt is Professor and Chair of the Department of Philosophy at Georgia State University. He is the co-author of ETHICS (Harper-Collins 1994) and the author of THE CONCEPT OF RIGHTS (Springer 2006) as well as numerous articles. He chairs the Georgia State University Senate Committee on Admissions and Standards, has served on Georgia State University's General Education Assessment Committee, was a member of the Georgia State's SACS Accreditation Leadership Team, and is a member of Georgia State's Critical Thinking through Writing Leadership Team.

Dr. Sandra L. Dwyer is Senior Lecturer in the Department of Philosophy at Georgia State University. As Coordinator for Graduate Teaching, she mentors twenty to thirty graduate students each year, overseeing their initial experience of teaching philosophy, including Critical Thinking sections. Over the past twenty years, she has taught numerous courses including more than 100 sections of critical thinking. She is the author of THINKING ETHICALLY IN BUSINESS (Humanities-Ebooks, 2008).

Users Review

From reader reviews:

Thomas Rinaldi:

Nowadays reading books be than want or need but also turn into a life style. This reading practice give you lot of advantages. The huge benefits you got of course the knowledge the particular information inside the book which improve your knowledge and information. The info you get based on what kind of book you read, if you want attract knowledge just go with schooling books but if you want feel happy read one with theme for entertaining including comic or novel. Typically the Critical Thinking: The Art of Argument is kind of publication which is giving the reader unstable experience.

Wilda Alexander:

Information is provisions for people to get better life, information currently can get by anyone at everywhere.

The information can be a knowledge or any news even a huge concern. What people must be consider whenever those information which is from the former life are challenging to be find than now could be taking seriously which one is appropriate to believe or which one often the resource are convinced. If you get the unstable resource then you buy it as your main information you will see huge disadvantage for you. All of those possibilities will not happen in you if you take Critical Thinking: The Art of Argument as the daily resource information.

Linda Cooper:

A lot of people always spent their own free time to vacation as well as go to the outside with them household or their friend. Do you know? Many a lot of people spent they free time just watching TV, or playing video games all day long. If you want to try to find a new activity that's look different you can read a book. It is really fun to suit your needs. If you enjoy the book that you simply read you can spent all day long to reading a guide. The book Critical Thinking: The Art of Argument it is quite good to read. There are a lot of people who recommended this book. We were holding enjoying reading this book. Should you did not have enough space bringing this book you can buy the actual e-book. You can m0ore effortlessly to read this book through your smart phone. The price is not very costly but this book features high quality.

Clara Brownfield:

What is your hobby? Have you heard that question when you got students? We believe that that question was given by teacher to the students. Many kinds of hobby, Every person has different hobby. And you know that little person just like reading or as examining become their hobby. You must know that reading is very important along with book as to be the matter. Book is important thing to add you knowledge, except your current teacher or lecturer. You find good news or update regarding something by book. A substantial number of sorts of books that can you choose to use be your object. One of them is this Critical Thinking: The Art of Argument.
