Red Flags: How to know he's playing games with you. How to spot a guy who's never going to commit. How to force him to show his cards. (The Truth about ... of commitment and sudden loss of interest) By Brian Keephim attracted, Brian Nox

Learn Secrets about Men And The Dishonest Games they Play That Most Women Will Never Know

Most women are very surprised when a man becomes distant, when they find out he wasn't as interested as he seemed, or worse, when everything he said turns out to be a blatant lie.

It's time to use the secrets of the men who "play" games with women and find out

- What the Red Flags are that will give him away sooner
- How to find out if he sees a future with you
- Why men play games with you (what are their motives?)
- Two reasons why men won't commit
- The types of men who play games with you
- Strategies to get him

- How to force him to show his cards, how to find out the truth sooner than later
- When and how to let him go, if needed.
- How to test him and see if he's willing to go the extra mile
- My quick strategy to make a man commit.

There are different types of men who play games with women. Not all of them are the obvious 'player', that's the only type of player you can see from a mile away.

No no, there are other types of men who use under the radar manipulation techniques to keep women interested, even though they see no future with her. It's hard to date a man or be in a relationship (let alone a marriage) with a man who's not really honest about his real feelings for you.

In this book, you'll learn what types of men play games, why they play those games, red flags to watch out for, and how to filter the true bad boys out of your life. You'll learn how you can protect your heart from men who don't even deserve your attention, let alone your love and devotion.

I want you to understand what types of men play these games because this will help you identify them a lot sooner. Then I'll teach you some strategies to quickly test him and turn things around. If he doesn't respond well to those tests, at least you can be sure that he's playing with you and it's time to move on.

I've been coaching women for many years now, and it frustrates me when I see how many men simply don't respect women. They play with their hearts, their feelings, and their future. Since I'm a man myself, I know why men do what they do. I'm here to help great women like you who keep walking into the traps of the same disrespectful men.

Men who play games do it with every woman they meet. If you've ever encountered one, it wasn't personal; it's just the way they are built. They don't know any better.

In my series of books, I try to uncover the truth about the man behind the game, so you'll know what's really going on in his mind. In this book, we'll focus on the type of men who play games with women. These men know how to touch a woman's hot buttons, how to make her happy, how to attract her into his trap. The problem is, because they're not genuine, your gut feeling will start to notice the discrepancies, the little white lies, when his words don't align with his actions. That's when the emotional rollercoaster ride starts.

Men who play games, and as you'll see it's not only the player type who does this, know how to hang a carrot on a stick in front of a woman. You might think this only happens to not-so-intelligent women. It doesn't. Some of my clients have very high positions in international companies, household names, lawyers, surgeons, and so on. Yet they too fall for his games and step into his traps.

Some of these men are smart. They are master conmen, master manipulators. Not all of them have bad intentions, as you'll learn; some simply don't know any better. They don't have the emotional intelligence that's needed to reveal their true selves. You'll learn how to spot those men as well.

Good luck!
