Gender, Power, and Communication in Human Relationships (Routledge Communication Series) From Routledge

This edited volume establishes a state-of-the-art perspective on theory and research on gender, power, and communication in human relationships. Both theoretical essays and review chapters address issues relevant to female and male differences in power, dominance, communication, equality, and expectations/beliefs. All chapter contributors share two commonalities. First, each provides a 1990s assessment of power and equality in female and male relationships. Second, each reviews respective programs of research and focuses attention on the relevance of this research to understanding the relationships of women and men.

Unique because it incorporates a multidisciplinary approach to the study of gender and the communication of power in human relationships, this book includes the original work of intellectuals with national and international reputations in the social sciences. The volume provides both scholastic breadth and centralized treatment of issues that form the very foundation of social and personal relationships. It will appeal to scholars working in the disciplines of communication and psychology as well as other areas of social science research.

Editorial Review

Review

The editors advocate change in the roles of men and women, and state their goal in this volume as to chronicle changes, both the changes that are occurring and changes that need to occur. They are interested in promoting both equality for women and improved quality in female/male relationships and human relationships in general.

—**CRT, V16, #1, 1996**

It is evident from the list of scholars contributing to this book that Kalbfleisch and Cody have assembled a colorful collection of experts and pioneers from communication studies to assess the state of gender research and to suggest directions for future research. The variety and breadth of this text would be well suited for advanced undergraduate gender courses in a variety of fields.

—**Contemporary Psychology (V43#12, 1998)**

...a rich tapestry of theories, methods, and issues surrounding this complicated yet topical interrelationship....striking in its interdisciplinary approach....the book has value not only as an important addition to the library of any self-respecting communication scholar, it also works extremely well in the classroom. I should know: I use it in my Advanced Interpersonal courses, and students love the book! They praise it for its clarity, its variety, its conversational tone....an eminently informative and readable tome which will advance any reader's understanding of gender, power, and communication within human relationships.

—**Kent G. Drummond**

Users Review

From reader reviews:

James Dickens:

Do you have favorite book? When you have, what is your favorite's book? Reserve is very important thing for us to learn everything in the world. Each e-book has different aim or even goal; it means that guide has different type. Some people feel enjoy to spend their time to read a book. They are really reading whatever they take because their hobby is usually reading a book. What about the person who don't like reading a book? Sometime, individual feel need book if they found difficult problem as well as exercise. Well, probably you'll have this Gender, Power, and Communication in Human Relationships (Routledge Communication Series).

Melanie Finnegan:

The book Gender, Power, and Communication in Human Relationships (Routledge Communication Series) can give more knowledge and also the precise product information about everything you want. So why must

we leave a good thing like a book Gender, Power, and Communication in Human Relationships (Routledge Communication Series)? A few of you have a different opinion about e-book. But one aim which book can give many data for us. It is absolutely proper. Right now, try to closer using your book. Knowledge or details that you take for that, you may give for each other; you may share all of these. Book Gender, Power, and Communication in Human Relationships (Routledge Communication Series) has simple shape however, you know: it has great and big function for you. You can appearance the enormous world by open up and read a book. So it is very wonderful.

James Batts:

Is it a person who having spare time subsequently spend it whole day by means of watching television programs or just lying on the bed? Do you need something totally new? This Gender, Power, and Communication in Human Relationships (Routledge Communication Series) can be the reply, oh how comes? It's a book you know. You are and so out of date, spending your extra time by reading in this brand-new era is common not a geek activity. So what these books have than the others?

Maria Lamotte:

Many people said that they feel uninterested when they reading a guide. They are directly felt it when they get a half parts of the book. You can choose the actual book Gender, Power, and Communication in Human Relationships (Routledge Communication Series) to make your own reading is interesting. Your own personal skill of reading expertise is developing when you including reading. Try to choose basic book to make you enjoy to read it and mingle the idea about book and studying especially. It is to be first opinion for you to like to wide open a book and study it. Beside that the reserve Gender, Power, and Communication in Human Relationships (Routledge Communication Series) can to be your brand-new friend when you're truly feel alone and confuse using what must you're doing of these time.
