In the Zone (Portland Storm Book 7) By Catherine Gayle

USA Today bestselling author Catherine Gayle presents another novel in the Portland Storm hockey romance series.

One night. Unimaginable passion. Total anonymity.

Star defenseman for the Portland Storm, Keith Burns welcomed the single night with a nameless beauty. The undeniable heat was exactly what he needed to let loose. When circumstances bring him face to face with Brianna Hayden after that night was long over, he wants to throw all the rules out the window. There's no denying chemistry like theirs. But sometimes, desire isn't enough...

If they're going to have more than one night, Brie wants it all. But a star athlete like Keith can't drop his guard that easily hiding an ugly and painful past. Refusing to open up might land Keith in the sin bin—for good. Now Keith has to get *In the Zone* if he's going to have any chance at scoring the one thing he wants the most—Brie's heart.

From the Author

Dear reader,

The books of the Portland Storm series are hockey romances, but they go much deeper than the sport of hockey. These books touch on real-world issues such as rape, cancer, miscarriage, bullying, PTSD, grief, addiction, and many other similar subjects. If you have triggers, be aware that these books may very well contain material which could trigger you. That said, I endeavor to tackle these issues with sensitivity and compassion.

Additionally, many readers have requested that I put a TISSUE WARNING on the books in this series. I've received notes from readers about every single book in the series, in which readers tell me how the characters and the story brought them to tears. You may not need tissues for each book--the story line that resonates most for you may not be the one that others responded to in that way--but don't say I didn't warn you.

On that note, I have another warning for you: my hockey players curse like...well...hockey players. And there is a fair amount of sex in these books. If cursing and sex aren't your cup of tea, these books probably won't be, either.
