### Indexing: Reflections (Indexing Series Book 2) By Seanan McGuire

“For her to love me, she had to be willing to kill me. Anything else would show that her heart was untrue.”

The struggle against not-so-charming storybook narratives isn't the only complicating factor in Henrietta “Henry” Marchen's life. As part of the ATI Management Bureau team protecting the world from fairy tales gone awry, she's juggling her unwanted new status as a Snow White, dealing with a potentially dangerous Pied Piper, and wrangling a most troublesome wicked stepsister—along with a budding relationship with Jeff, her teammate.

But when a twisted, vicious Cinderella breaks out of prison and wreaks havoc, things go from disenchanting to deadly. And once Henry realizes someone is trying to use her to destroy the world, her story becomes far from over—and this one might not have a happily ever after.

*Indexing: Reflections* is *New York Times* bestselling author Seanan McGuire's continuing new urban fantasy, where everything you thought you knew about fairy tales gets turned on its head.

*This book was initially released in episodes as a Kindle Serial. All episodes are now available for immediate download as a complete book.*

## **Editorial Review**

### About the Author

Seanan McGuire was born and raised in Northern California, where she has lived for the majority of her life. She spends most of her time writing or watching television but also draws a semiautobiographical comic strip and has released several albums of filk music (science fiction and fantasy-themed folk music). To relax, Seanan enjoys travel and frequents haunted corn mazes, aquariums with good octopus habitats, and Disney parks. Seanan is remarkably good at finding reptiles and amphibians wherever she goes, sometimes to the dismay of the people she happens to be traveling with.

## **Users Review**

### **From reader reviews:**

#### **Shiela Steen:**

Information is provisions for anyone to get better life, information today can get by anyone from everywhere. The information can be a information or any news even restricted. What people must be consider if those information which is in the former life are challenging to be find than now is taking seriously which one works to believe or which one often the resource are convinced.
