Return of the Eagle: How America Saved Its National Symbol By Greg Breining

This is the story of how a nation reversed a “silent spring” and saved the bald eagle from extinction. This bird of prey was declared the national symbol in 1782 but, by the 1960s, pollution and development had wiped out all but a few dozen. Grassroots movements started, the American consciousness was raised to all environmental threats, and federal laws were passed to keep the eagle population alive. This stunning book of full-color photographs and touching stories chronicles this inspiring success story with awe-inspiring shots of eagles in flight. There is also a one-of-a-kind directory to more than 150 areas in the nation where eagles are likely to be seen in the wild, soaring once again against the blue skies of freedom. This book is a monument to the efforts that combined animal instinct for survival with the power of the human spirit to change the world.

Editorial Review

Review

Fine images of the nation's symbol accompany a natural history of the eagle, discussions of its interactions with mankind, and listings of nesting sites and habitats where eagles may be seen today. This image-packed guide is an exceptional presentation and is recommended for any leisure reader with an interest in birds. --

From the Back Cover

Spectacular color photos capture the majesty of bald eagles in this inspiring story of how the United States saved its living symbol of independence.

About the Author

About the Photographer/Author:

Frank Oberle, the premier photographer for this book, may be the most prolific bald eagle photographer in the country. *Audubon*, *Sports Illustrated*, *National Geographic*, *Nature Conservancy*, and *National Wildlife* are just a few of the publications in which his eagle images have appeared. Shooting photos like Oberle's takes as much patience as it does skill. Oberle's images capture perfectly the grace, artistry, and beauty of bald eagles.

Greg Breining has traveled around the world, from desolate Siberia to tropical Jamaica, in search of stories for books and magazines. He writes on subjects as diverse as bison, fossils, and canoes for *Sports Illustrated*, *Nature Conservancy*, *Audubon*, *Sierra*, and other magazines. *Return of the Eagle* is his seventh book.
