Antichrist 2016-2019: Mystery Babylon, Barack Obama & the Islamic Caliphate By David Montaigne

Did electing Barack Obama to the presidency pave the way for the Antichrist? Bible prophecies describe the beginning, middle, and end of the final seven years of the world as we know it. Dramatic events slowly increase in intensity for the first three and a half years until June 2016, when the Antichrist takes the spotlight and the pace of events suddenly accelerates. Once we understand the end times kingdom of "Mystery Babylon," we know that whoever rules this kingdom in 2016 is the Bible's "King of Babylon" - with a major role in end times events. In EndTimes and 2019, Montaigne focuses on the end of the seven years - in December 2019. Antichrist 2016-2019 is focused on WHEN the Antichrist is revealed, WHERE his home kingdom of Mystery Babylon is, and WHO will be revealed as the Antichrist. *If you're reading this wondering if the book still offers enough insights to be worth buying after June 2016, keep an eye on world events - and check the reader comments below:

"I pray you are not discouraged. Your book is a wealth of information and regardless of the way things play out, your readers are forever grateful to you for all of the research you did and all the education you have given us."

"I've often thought that the doings of the antichrist would be carried out in smoke-filled back rooms, out of view of the cameras and reporters. We aren't going to wake up one day and read a headline in the paper "Antichrist desecrates temple in Jerusalem." ...Whatever happens isn't going to be obvious, that's what I'm saying. Otherwise, the unsaved would be utterly convinced of their mistake by simply reading your book (or the bible). It just ain't going to be that easy!"

"Your research was well thought out, in depth, and based upon logic and reason. I, too, have been drawn closer to Jesus Christ because of reading these works. Don't quit."

"Hello David, I have read your books and was interested to see how things would play out. You helped confirm my suspicions that there must be modern day "wise

men" who are using astronomical data to determine the season of Christ's Second Coming."

"David, it seems to me that there are way too many coincidences in play here for your work on this subject to not have a degree of accuracy, especially astronomically speaking. You presented a very convincing case."

"David: Thank you for your breath-taking analysis of end-time events and your precious witness to our Lord and Savior Jesus Christ. Something big is going to happen and your dedication as to hows, whys, and wherefores are preparing the remnant going forward. God Bless!"

"...you write really well, I'll probably buy your next book as well."

I am an analyst, not a prophet. I could be all wrong. But it is also possible that major events are already happening behind the scenes. When Christ was born, King Herod and most of Israel didn't even know, until the three wise men (Persian astronomers who had been paying attention to interpreting signs) told them about a year later.

As Nelson Walters (author of thegospelintheendtimes blog and books like "Are We Ready for Jesus?") writes: "The bible is pretty clear that the majority of Christians miss the beginning of the 70th Week because they are asleep. (Matthew 25:5)"

For those of you who read this far and still believe that my goal is to WAKE PEOPLE UP - the book is still available for you - at a reduced price.

Editorial Review

From the Author

Astronomical clues suggest a 2016-2019 timeline for the fulfillment of end times prophecy that matches the 1260, 1290, and 1335 day periods in the book of Daniel. If prophecy is being fulfilled already it is more subtle than I expected. Could all my "evidence" for a timeline just be meaningless coincidences? I certainly hope so - this is one case where I'd prefer to be wrong! But catastrophic changes still seem very possible; time will tell soon enough...

About the Author

The son of two Philadelphia teachers from different religious backgrounds, David Montaigne was raised to respect ancient wisdom and learned not to gloss over the scientific and mathematical clues in the Bible and other ancient texts. In his everyday life he is a Penn State graduate, father, entrepreneur, a professional electrician, and an amateur cook and fisherman.

Montaigne is also an avid reader, investigator, prophecy scholar, and author of several books. Years ago you may have passed him near the archives in Washington D.C., London, or the Vatican - or shared a bus ride to a pyramid or temple in Israel, Egypt, Turkey, Greece, Mexico or Guatemala... But it is now more likely he is searching for answers online - at home in Lancaster County, Pennsylvania - where he celebrates every possible moment with his three inquisitive children, who remind him that we should never stop asking questions.

Don't let him fool you with what he hopes are fascinating and insightful blog posts and articles on a wide variety of subjects - he's focused on prophecy unfolding all around us. Montaigne's knowledge of history, theology, mythology, and astronomy guided him to research which led to writing several books, including End Times and 2019, Antichrist 2016-2019: Mystery Babylon, Barack Obama & the Islamic Caliphate, and his most recent work: The Two Witnesses of Revelation: Will Elijah and Moses Return in 2016?
