### The Time Paradox (Artemis Fowl, Book 6) By Eoin Colfer

When Artemis Fowl's mother contracts a life-threatening illness, his world is turned upside down. The only hope for a cure lies in the brain fluid of the silky sifaka lemur. Unfortunately, the animal is extinct due to a heartless bargain Artemis himself made as a younger boy.

Though the odds are stacked against him, Artemis is not willing to give up. With the help of his fairy friends, the young genius travels back in time to save the lemur and bring it back to the present. But to do so, Artemis will have to defeat a maniacal poacher, who has set his sights on new prey: Holly Short.

The rules of time travel are far from simple, but to save his mother, Artemis will have to break them all and outsmart his most cunning adversary yet: Artemis Fowl, age ten.

## Editorial Review

From School Library Journal

Grade 4–8—Fourteen-year-old genius and mastermind Artemis Fowl realizes that he has a problem. His mother is nearing death and the only thing that can save her is the brain fluid from a species of lemur that he forced into extinction eight years earlier. He decides that he must travel back in time to right this terrible wrong but his younger self is present in the past and proceeds to challenge the older Artemis's every move. At the older Artemis's side is elf Captain Holly Short of the Lower Elements Police Reconnaissance (LEPrecon) and Mulch Diggums, a dwarf known for his potent flatulence and ground-munching abilities. The trio struggle to circumvent destiny but find the past fraught with deception. The story flows with quick-witted humor and action-packed scenes, and Colfer's love of science shines through in the story's inventions and clever use of engineering. The dueling technology and a game match between clashing masterminds make for an exciting, modern-day fairy tale. There is no integration of previous story lines; while this does not take away from the resolution, it does leave readers questioning some backstory. The author once again offers an exhilarating ride through the fantastical world of Artemis Fowl.—*Robyn Gioia, Bolles School, Ponte Vedra, FL*
