Lessons from a Horse Named Jim: A Clinical Trials Manual from the Duke Clinical Research Institute By Margaret B. Liu, Kate Davis

Written by members of the Duke Clinical Research Institute (DCRI) who develop instructional materials for on-site clinical trialists, this exciting, well-produced, practical book bridges the gap between the theory of clinical trial design, along with the statistical and clinical interpretations of data, and the process of conducting clinical trials. The authors have pulled together information relating to the pragmatic conduct of clinical trials and organized all of it into a single, invaluable volume.
