Meeting Common Core Technology Standards: Strategies for Grades 9-12

By Valerie Morrison, Stephanie Novak, Tim Vanderwerff

Have you ever wished you had an instructional coach at your side to help align your curriculum with the tech-related indicators found in the Common Core State Standards (CCSS)? You're not alone. Nearly all U.S. states have adopted the Common Core, and teachers across the country are redesigning their lessons to meet the standards, including the ed tech component.

In this book, you'll learn how to shift your educational practice and integrate technology standards found within the Common Core into your curriculum. The authors clearly explain the standards and demonstrate how to incorporate them through classroom-tested examples that harness a robust list of student-friendly software, websites and apps.

Editorial Review

About the Author

Valerie Morrison has 14 years of experience as a technology director, integration specialist, and technology coach. A regular conference presenter, Morrison also teaches education courses at the college level.

Stephanie Novak, a 27-year educator turned instructional coach, helps teachers in grades K-5 understand how to blend the Common Core State Standards with rigorous curriculum.

Tim Vanderwerff is a 35-year veteran teacher who has worked with learners from kindergarten to adulthood. As an instructional coach, Vanderwerff uses his background in media, technology and English language arts to help elementary teachers implement the CCSS.
