Science Through Children's Literature: An Integrated Approach By Carol M Butzow, John W Butzow

The Butzows' groundbreaking, critically acclaimed, and best-selling resource has been thoroughly revised and updated for today's classroom with new titles and new activities. More than 30 exciting instructional units integrate all areas of the curriculum and serve as models to educators at all levels. With each chapter there is also a list of related sources-including Internet sites. Adopted as a supplementary text in schools of education nationwide, this resource features outstanding children's fiction books that are rich in scientific concepts yet equally well known for their strong story lines and universal appeal. Activities can be used with appropriate titles for higher grades.
