Seeds: Volume One By M.M. Kin

Longing. Need. Desire. Hades, the Lord of the Underworld, has never felt any of these in his long life until a chance encounter with the Goddess of Spring. For as long as she can remember, Persephone has always been told what to do, her life dictated by people who believe they know what is best for her without taking the time to understand or listen to her. However, the opportunity to truly be herself awaits her in the most unlikely of places, sparking one of the most famous and enduring relationships that history has ever known...

Editorial Review

From the Author

I've been a huge fan of mythology since I was little... not just Greek, but overall mythology, as well as folklore and legends. As a history buff, it's always been fascinating to me the influence that stories have had on culture and society. I've always liked the myth of Hades and Persephone and it's held a fascination for me as long as I can remember, but like most myths, the story failed to explore the motivations and feelings of its characters.

The original myth tells us that Demeter let Greece starve when she was looking for her daughter, but it doesn't say what would drive her to such a deed. The myth also tells us that Zeus was complicit in letting Persephone be kidnapped, even going so far as to give Hades his permission to do so. And what of Persephone herself? The myth often paints her as a victim, and an unhappy queen while Hades is nothing but a brute who only cared about his own loneliness and desire.

Much as I love mythology, the characters in these stories are all too often one-dimensional, so I wanted to explore this myth and make it more real, and give these characters motivations for what they did, and in turn, bring life to the story and make it resonate with the reader.

About the Author

M.M. Kin has been interested in history and mythology since she was young and has been an avid reader for as long as she can remember. Her other interests include hiking, kayaking, and world domination. 'Seeds' is her first book/series, and she is currently at work on more books.

Users Review

From reader reviews:

Phyllis Callahan:

Why don't make it to be your habit? Right now, try to ready your time to do the important work, like looking for your favorite book and reading a guide.
