**What Doesn't Kill You...** By Stephanie Carpenter, Martha Carpenter

"What Doesn't Kill You..." is a 100% true story entailing tragedy, survival, and determination. It includes a brief view of all aspects of the paranormal, an up close and personal battle with evil, and the importance of life. This story is unlike most, considering it is uniquely written in two parts, which allows the reader to connect with two different perspectives. The book is co-authored by a mother and daughter that want to share their story in hopes of it reaching someone who can gain from it in some way. This story is full of horrifying details that the two have survived to tell about. Although quite horrific and possibly hard to believe, the authors decided to write this book in hopes of inspiring or helping others. Although not necessarily a book for the literary community, this book is a raw and powerful story written just as remembered. **DISCLAIMER:** This book is a very dark, but powerful story. The authors chose to write about this horrific battle and share their darkness in hopes of shedding light for others.
